

AWARDED FIRST PRIZE BY KENTUCKY PRESS ASSOCIATION AS BEST SPECIMEN OF EIGHT-PAGE WEEKLY IN KENTUCKY.

BIG SANDY NEWS.

Aut inveniam viam, aut faciam.

To overcome RHEUMATISM when everything else fails, Scott's Emulsion makes pure blood and strengthens the functions to expel the poisonous products.

Volume XXIX. Number 10.

LOUISA, LAWRENCE COUNTY, KENTUCKY, JANUARY 23, 1914.

M. F. CONLEY, Publisher.

R. A. BICKEL WINS FIRST PRIZE AGAIN

Former Louisa Man Beats Out All Agents in United States.

The following is from the Huntington Herald:

"Huntington scored again when R. A. Bickel, a local insurance man was awarded the first prize for agents selling the greatest percentage of their allotment by the Home Life Insurance Company of New York. This competition included all of the agents of the country all over the United States. There were four prizes given. The prize which Mr. Bickel received is a watch fob, set with an antique Roman coin especially mounted by Marcus of New York. It is engraved with the words 'First Prize—Class A, 1913.'"

Mr. Bickel was one of the honored guests at a banquet given for the agents of the New Astor on the night of the fourteenth. The presentation was an occasion of great impressiveness and Mr. Bickel was made to feel his honor deeply. In addition to giving him much attention the president of the company sent to Mrs. Bickel at her room in the hotel a big bouquet of roses.

Mr. Bickel is general agent for this company in West Virginia and part of Kentucky. The business he sold in 1913 amounted to about a hundred and forty per cent of his allotment."

The above will be read with much interest by the many friends of Mr. Bickel in this, his native county. His success is highly gratifying to him. Mr. and Mrs. Bickel stopped in Philadelphia and Washington on their way to New York.

A. J. HEABERLIN DEAD.

The following item from Herald, Gate City, Va., refers to a man who lived at Fallsburg, this county:

Mr. A. J. Heaberlin died Monday morning at 10 o'clock, after a protracted illness resulting from cystitis and a general breakdown. Up to a few weeks ago he was able to get out, going as long as his strength would permit. From that time he became confined to his room his decline was quite rapid.

Mr. Heaberlin was 65 years, four months and 22 days old. He was born in Johnson-co., Tenn. Of his family there were eight brothers and eight sisters, nine of whom are still living. One of his brothers is a policeman in Bristol, Tenn., who visited him frequently during his illness. Two brothers from Wise county were with him when he died.

He is survived by his widow, four sons and four daughters. Three of the daughters and two of his sons were at his bedside, Oscar Heaberlin having arrived from Ohio Sunday night.

Mr. Heaberlin has resided in Gate City several years, moving here from Speers Ferry. He was an insurance agent and gave some attention to real estate.

MOSES WELLS DIES.

Moses Wells, a prominent Johnson county man, died at his home on Johns creek on Jan. 14, aged 73 years. He died suddenly of heart disease. Interment was made on the 16th in the Wells burying ground at Boone's Camp, with services conducted by the Rev. H. B. Hulet, of this city. The deceased is survived by his widow and three children. Mr. Wells was an uncle of Mrs. Hulet, whose daughter, Miss Bessie, accompanied her father to Boone's Camp to attend the interment of her relative.

Call For Special Election.

The Governor has ordered a special election February 2 in Greenup county, to fill the vacancy caused by the death of Representative elect J. A. Scott. Mr. Scott died shortly after the election in November.

THAT SPLIT LOG DRAG.

Have you tried that split log drag on your road? If not, why not? They are long since ceased to be an experiment and are now used by all good roads advocates as being the best and cheapest means of keeping roads in repair throughout the year.

NEGRO KILLED ON STEAMBOAT.

Frank Smith, alias Loosell, aged 25, a St. Louis negro, employed as porter on the steamer Greenwood, was shot down and killed aboard that packet by Alvin Martin, aged 18, white, second clerk, while the boat was at Morrison's Landing, 14 miles below Portsmouth Monday.

That the killing was justifiable was indicated by the haste with which the gun-user was acquitted at a formal trial held before County Judge J. M. Lee, shortly after he had surrendered to authorities at Vanceburg, Ky.

JAKE GREEVER BADLY HURT.

Jake Greever, son of Mrs. Dora Greever, formerly of Louisa, was painfully hurt on Tuesday last, the result of an accident which occurred in No. 7 and 8 mines Holden, W. Va., where he is employed. While at work the lad's left hand was caught in some machinery and so badly mangled that the little finger had to be amputated, and it is feared that the loss of another may follow.

OIL WELL ON MARROWBONE.

The NEWS is informed that a paying oil well has just been drilled on Marrowbone, Mingo-co., and the indications are that it will be a big producer from the start. The drillers struck oil in the first sand and are certain of the best returns. The quality of the oil is excellent and the interested parties are in high spirits over their success.

MARRIED BY REV. REYNOLDS.

On January 15, 1914, Miss Nancy Young and Mr. Thurman Felty, both of this city, were united in marriage at the residence of the officiating minister, the Rev. S. F. Reynolds. The newlyweds are occupying part of the R. C. McClure residence, on South Jefferson street. The bride had been a nurse in Riverside hospital.

"WHOA, MAUD!" SAYS MARTIN COUNTY VICTIM

But Maud Has Disappeared and So Has Lee's \$900.

Inez, Ky., Jan. 17.—Arthur Lee, aged 26, who is a fireman, went to Cincinnati ten days ago with love in his heart and two particular objects in his pocket.

One object was a bank roll of \$900; the other was a bundle of love letters from "Your Maud," whose name he had found in a floating bottle in the Big Sandy river near Offutt, Ky., with the request that the finder should communicate with her, as she would marry a suitable man.

He met and courted the girl, who had called him her "Honey Boy," while saying that with \$900 they could buy their household goods. She got the bank roll while he was going for the license. When he got back he somehow missed her—she somehow has missed her ever since—also the bank roll. Lee told friends he was anxious about (1) where she was, (2) how much of the bank roll was left, (3) how soon he could find her.

A CARD OF THANKS.

Mrs. Sammie Clark desires to extend her warm and heartfelt thanks to all who ministered to her during the last illness of her husband, Mr. Edward Clark. It was a most trying hour to her, but every possible aid was given. She desires particularly to thank Mr. John Wellman, who dared the risk of contagion and rendered timely and much needed aid.

CARD OF THANKS.

Mr. and Mrs. S. B. Peters, and Mr. and Mrs. George W. Atkinson desire to tender their heartfelt thanks to friends and neighbors who showed such kindly sympathy at the funeral of their loved one; and to acknowledge their indebtedness to the Rev. L. M. Copley, who conducted the services, and to the Rev. H. M. and Mrs. Keith, and others who assisted with the music.

A FATAL CASE OF SPINAL MENINGITIS

Edward F. Clark Brought Here From Winchester With the Disease.

The NEWS of last week briefly mentioned the fact that on Wednesday Mr. Edward Clark had been brought to Louisa from Winchester, Ky., by his brother, W. D. Clark, of this place and was then at the home of his father-in-law, Mr. A. C. Ferrell, on Lock Avenue, critically ill. Mr. Clark rapidly grew worse and early on Saturday morning he died of cerebro spinal meningitis. Distant relatives had been sent for and the burial was delayed until their arrival, when interment was made Sunday afternoon in Fulkerson cemetery. Because of the highly infectious character of the disease which caused the untimely death of the unfortunate young man no service was held at the house where the death occurred, but appropriate religious services, conducted by the Rev. H. M. Keith, pastor of the M. E. Church South, were held at the grave.

The deceased was born at Esmond, Va., and was 29 years old. He was married in Barboursville, W. Va., on the 8th of March last to Miss Sammie Ferrell, of Louisa. He is survived by his father, four sisters and two brothers. The brothers are W. D. Clark, of this city, and C. Adams Clark, of California. The sisters are Mrs. Ella Wilson, of Putney, W. Va.; Mrs. C. N. Bates, of Lathrop, O.; Mrs. E. J. Matheny, of Mammoth, W. Va.; and Mrs. Helen Kuykendall, of Charleston, W. Va. Of these the father, two of the sisters and one brother were present at the funeral. Mr. Clark was an Odd Fellow and a member of Mammoth, W. Va., lodge No. 242. He was comparatively a stranger in this city, but he bore an excellent reputation and was intelligent, sober and industrious. When seized by the malady which carried him off he was doing railroad construction work near Winchester. His young widow, who has borne her trying ordeal with great fortitude, has the warm sympathy of her many friends in this city.

JEREMIAH HURNS, A SOLDIER OF THE REVOLUTION.

It will no doubt interest the many friends of the venerable Rowland T. Burns, of this city, to know that his grandfather, Jeremiah Burns, was a soldier of the history-making War of the Revolution. He enlisted June, 1776, served three years and was discharged soon after the battle of York. Among other battles and skirmishes Mr. Burns fought in the battles of Germantown, Monmouth and at the siege of Yorktown.

At the time of his enlistment Mr. Burns was living in Bedford county, Va. The old soldier's wife was Elizabeth Rowland. She is buried in what is known as the Widow Jones graveyard, this city. In 1850, she at that time being 79 years old and a resident of Louisa, she was granted a pension as the widow of a soldier of the Revolution. Her husband was buried on East Fork, this county.

The foregoing facts are embodied in the war record of Mr. Burns and kept in the Department of the Interior at Washington, a copy of which is in possession of M. S. Burns, a great grandson of the soldier of the long ago.

MRS. G. W. VANCE DIES.

Mrs. G. W. Vance, of Prestonsburg, died at her home in that place Sunday last after intense suffering for many months. She is survived by her husband and two young children. Mrs. Vance was 47 years old. She was a sister of Mrs. George Hale, of this city. She was in the hospital here several weeks, but was too far advanced in complicated illness to derive substantial benefit.

THE WOMAN'S CLUB.

The Woman's Club will meet next Monday, Jan. 26, at 2 o'clock in the home of Mrs. H. C. Sullivan. Mrs. F. T. D. Wallace, Jr., will read a paper on the subject: Raphael, which will be followed by a general discussion on Art. MRS. H. C. OSBORNE, Secretary.

REPRESENTATIVE McDYER.

Representative John McDyer, member from the Boyd-Lawrence district, is winning distinction in the Kentucky Legislature. He is chairman of the Roads Committee and belongs to other committees. He has the respect and esteem of both parties and is an influential and active Representative. The people made no mistake when they sent John McDyer, a Lawrence-co. "boy", to speak for them in the General Assembly of the State. Intelligent, sober, industrious, incorruptible men make good lawmakers, and the member of Boyd and Lawrence is built this way.

CONFEDERATE PENSIONS.

Commissioner Stone has issued a letter explaining the delay in passing on Confederate pensions. Boiled down the reasons are:

About 700 applicants were expected and two clerks were employed to handle them. Applicants now number 4,500 and are still coming in.

Many applicants do not come with in the law and additional proof is necessary.

The governor, auditor and secretary of state compose the pension board, and their time is so fully occupied with the duties of their respective offices that they cannot often meet as a pension board.

WAS BURIED FRIDAY.

Mr. James A. Frazier, whose death in Ft. Gay was announced in the NEWS of last week, was buried in Fairview cemetery on Friday morning. The funeral was very largely attended, many from Louisa having been present at the obsequies. Mr. Frazier was buried with the honors of Freemasonry. The religious part of the funeral, which was held at the late residence of the deceased, was conducted by the Rev. Mr. Bryan, of Ft. Gay, the Rev. Mr. Hulet, of Louisa, having been called away by the death of a relative.

CANDIDATE FOR PROSECUTING ATTORNEY

Announcement of Henry C. Sullivan for Commonwealth's Attorney.

After many friends have talked with me and have said it was my time, and having the desire within me to assist in maintaining society in the 32nd Judicial District, I have it firmly fixed in my mind to make the race for Commonwealth's Attorney. My life has been to have faith in men, and work hard without fear or favor; so, looking through the eyes of that faith, I solicit the assistance of all, and rest my case in the hands of the Democratic party for nomination in August, 1915.

My work for this section is known to many, and while it has been my joy and pleasure to help develop this section of the country in every enterprise of my time, it has thus far been without emolument, and in a quiet, humble and unassuming manner, and having arrived at the age in life that I know the wishes of the people, if this great trust is imposed upon me there will be a faithful keeping of the same.

The greatest reason for believing success will follow me is that I love everyone, and my natural inclinations are in keeping with the political views expressed by the leaders of the day: justice to all men, high and low alike.

Very respectfully yours,
(Adv.) H. C. SULLIVAN.

THROUGH THE BREAKS.

S. D. Patton, conductor of a C. C. & O. work train which has been employed on new grade work through the Breaks, says he will begin laying the track through the second tunnel at once, the track work from Elkhorn City having already been completed that far. The track will then be finished on through the Breaks, and completed by July. This will furnish a connection with all southern points, giving a short passage between Chicago and the South Atlantic coast.

Thunder in January is pretty apt to be followed by some hot weather in July.

ANNOUNCEMENT BY HON. JOHN M. WAUGH

To the Voters and All the People of the 32nd Judicial District.

I have announced myself as a candidate for the nomination on the Democratic ticket for Circuit Judge of the Thirty Second Judicial District of Kentucky. I announced in my home paper, "The Carter County News" in its issue of Thursday, January 15th, 1914, and will announce in all the papers of my district.

I have made this announcement after due deliberation and after talking with hundreds of prominent and upstanding Democrats of this district. Of course it is always in order to say that a candidate for office became so at the solicitations of the members of his party or of the people, but I have had no man of any party to offer an objection or discourage me in this undertaking.

I had hoped to have no opposition in my own party for this nomination, but I have recently learned that the incumbent, by appointment, Judge M. M. Redwine, will be a candidate. He is an excellent man and a very good judge, but has been once before judge of his district, and is the present judge and has all the honor that there is attached to the office. He is well in years and could not bring to the office the vigor and push that a younger man could and should bring, and besides that is well fixed financially and does not need or require the emoluments of the office to sustain himself and family and educate his children as they are all grown.

I am now just past 40 years of age, and just approaching the meridian of life. I was sworn into office as Commonwealth's Attorney of the 32nd Judicial District (then 20th) in Lawrence County on the first of January 1904. I was then 30 years of age and young to undertake the duties of that office. I have no doubt that many who had been my supporters in my election had grave doubts as to my ability to fill the office as it should be filled. I had some misgivings myself, not having had the advantages of an education except such as I could eke out myself by lamplight (and many times firelight), but I took hold of the office and, I am willing to leave the matter to all the people of whatever party affiliation as to whether or not I have faithfully, honestly, perseveringly, and courageously met and conquered the obstacles that present themselves in the duties of that important office.

I am one of those who believes in serving twice in the same office (if competent to execute the duties of the office), but no more. When this term is out I will have served two terms. The experience that I have gained while serving these two terms, I believe has fitted me to take up the duties of Circuit Judge from the start and go on with the work of executing the laws as they should be done.

I believe that if persons who contemplate giving me opposition understood the situation in the district, and the crying need of a young and vigorous man for Circuit Judge with court experience enough to take up the work and push it as it ought to be pushed in order that cases might be tried and the expense to the commonwealth cut down, that I would have no opposition either in my own party or in the general election.

I come before my party as I have always come, they owing me nothing. I owe the party and the people much for their favors and help in the past, but honestly believing and promising to make them an honest, upright and fearless Judge for all the people, dispensing justice to rich and poor alike regardless of politics or any outside influence.

I earnestly ask all who believe that I will do this for their support. All who do not believe that I can and will do this will and of right ought not to be for me.

Thanking my party and all the people of whatever party for their loyalty, favors and help in the past, I am sincerely,
(Adv.) JOHN M. WAUGH

SUGGESTION FOR JUDGE.

We notice in last week's NEWS the announcement of Judge Redwine for the nomination of Circuit Judge in the primary to be held one year and a half hence. The selection of a judge for a six year term is important to the district and the one selected should be learned in the law and who would enforce the law with equal and exact justice to all.

Lawrence county has yielded to other counties in the district for twenty-five years, and has consistently supported favorite sons of other counties, some of whom have been repeatedly honored with office. Why should not Lawrence county reach forward with a candidate for Circuit Judge and elect him?

Those who are best acquainted with Mr. O'Neal know that he possesses what the lawyers call, a judicial mind. They also know that he has the courage of his convictions, and would withstand any influence that might be brought to bear on him to do the wrong thing. While always loyal to his friends, he is pre-eminently a man who in discharging his judicial duties would forget everything but right and duty.
(Adv.) CITIZEN.

THIRD "TRICK" ABOLISHED.

The C. & O. railway has abolished what is known as the third trick on this division. That is, it has dispensed with the services of the operators who work in the offices from 11 p. m. to 7 a. m. In the Louisa office Messrs. Wellman and Parsons remain, Wellman serving from 7 a. m. to 3 p. m. and Parsons the next eight hours.

IT RUNS IN THE BLOOD.

Judge William E. Burns, of Russell county, Va., a grand nephew of Mr. R. T. Burns, of this city, is a candidate for the Supreme Judgeship of his State. Judge Burns is now serving with distinction a term as Circuit Judge of his district.

TEACHERS TO GET SIXTH MONTH'S PAY PROMPTLY

Announcement is Made That Money Will Be Ready Feb. 1st.

Frankfort, Ky., Jan. 17.—February 1 will mark a red letter day in the history of the State's treasury, and the experience of the city and county teachers drawing pay from the State.

For the first time in twenty years will their salaries be paid promptly on the date on which they are due.

For various reasons money has heretofore never been in the State treasury when the teachers' pay fell due, but on February 1, 1914, the office force of Treasurer Tom S. Rhea will mail out checks approximating \$400,438 to rural teachers and \$92,000 to city teachers for work done in January.

Assistant Treasurer Robt. Phillips made an examination of the State's books and discovered that this is the first of 240 chances which the State has had on which it was able to meet on time its obligations to the county and city teachers. During the 1913-14 school term, including the checks sent out on February 1, \$3,000,000 will have been paid by the State to its teachers.

February 1 falling on a Sunday there may be a mistake in this date. However, it seems that the prospect for prompt payment of teachers salaries is good. The NEWS will advise the instructors of the change if any is made in the announced date.

VERDICT FOR PLAINTIFF.

In the case of Augustus Snyder vs. the C. and O. railway the jury awarded \$2150, the amount asked for by the plaintiff. The suit was brought to recover damages resulting from the destruction by fire of Mr. Snyder's planing mill and lumber which were near the railroad.

C. & O. BRAKEMAN DIES.

H. M. Ridgeway, of Kenova, a well known brakeman on the Big Sandy division of the C. & O., died Saturday afternoon following the breaking of an abscess on his head.

Retail Druggists of Lawrence, Pike, son, Martin and Floyd Counties Receive A "Tar Heel" Remedy

A Vapor Treatment in the Form of a Salve—Relieves Colds Over Night, Croup in Fifteen Minutes—Druggists Will Give Away 25 cent Packages Free.

The local druggists will soon receive from North Carolina, the "Tar Heel" State, a remedy for all cold troubles that is entirely different from the usual run of cough syrups and cold tablets.

It is in the form of a salve that is vaporized by the heat of the body when applied to the throat and chest. These antiseptic vapors are inhaled with each breath and combined with the absorption of the preparation through the skin, give almost immediate relief in even the worst cases of croup and relieve head and chest colds overnight.

But the fact of most interest to mothers about this new treatment is that it is external and can thus be used with perfect safety on the youngest member of the family.

In cases of incipient pneumonia or severe colds first apply hot wet towels to open the pores of the skin, then rub the salve in well and cover with a warm flannel cloth. Leave the covers loose around the neck so the vapors arising may be freely inhaled. The next morning you hardly realize you had a cold as the head is clear, phlegm loosened and soreness gone from the lungs.

In advanced cases of pneumonia the use of this preparation in connection with the regular physician's treatment will greatly aid the pa-

tient's chances of recovery. Combined with the absorption of the treatment through the skin, the medicated vapors inhaled loosen the wreckage in the lungs and render the breathing less difficult. This takes part of the work from the overtaxed heart and thus lowers the fever.

These seem strong claims, but the wholesale houses in Kentucky, Ohio and West Virginia, who have investigated the results of this treatment in the south, are so convinced of its merit that they have authorized the retail druggists to sell it on 30 days trial and to refund the price to any user who is not delighted with the results.

In addition the druggists are arranging to give away a limited number of 25-cent packages free to their regular customers. Present the coupon below and if your dealer has not yet received his shipment he will reserve you a package.

COUPON No. 4.
Good at your regular druggist for one 25c package of Vicks "Vap-O-Rub" Croup and Pneumonia Salve, as long as the free supply lasts. Present this coupon now and if your druggist has not received his shipment ask him to reserve your package.

Address

Note To Druggists: Hold coupon until our salesman call.

THE PLACE OF AGRICULTURE IN KENTUCKY SCHOOLS.

Much is said nowadays about the teaching of agriculture in the common and high schools, which teaching is supremely important, but on account of its very importance must be undertaken with great care.

A school is maintained primarily to serve the interests of its community. In other words, to do the greatest good to the greatest number. Agriculture is the predominant interest of Kentucky, hence it is obvious that agriculture cannot rightfully be neglected. When we say agriculture, we necessarily mean the whole scope of rural activities from corn production to home comforts and the general culture of the rural people. Bearing this in mind it is not right to be so extreme as to deny the thorough teaching of such branches as history, geography, English, etc., for without a fair degree of proficiency in such branches the man is handicapped in business.

A further consideration that is necessary is the absolute unfitness of the vast majority of teachers for teaching agriculture properly. Some have advocated a state law requiring the teaching of agriculture in

all the schools, but upon the passage of such a law, nearly all our teachers would find themselves confronted by a task for which they were quite unprepared and as a consequence they would proceed to blunder, the result being the propagation of all sorts of false ideas and ultimately a loss of confidence in scientific agriculture by the farming public.

For the present the best method undoubtedly lies in the introduction of agriculture into the high schools and other institutions of similar rank. Provision should be made for the employment of well trained teachers of agriculture in such schools and for the installation of reasonably good equipment to aid them in teaching. The teacher is the main consideration, for after all the teacher himself is the school. He should not be expected to give advanced teaching in any particular branch, but should be able to get a few correct principles correctly placed in the minds of his pupils. Such things as the food necessary for plant growth, what the soil itself is, what its deficiencies are, how these deficiencies can best be corrected, what is meant by permanent fertility, how depleted soils can best be reclaimed, the importance of

proper physical condition of soil, what constitutes a balanced ration for each class of animals, the merits of various classes of animals, how to select good seed, how to contend with insect enemies, how to produce good fruits and vegetables, how to sew and how to adorn the house, etc., etc.

About ninety-five per cent. of our pupils never reach an institution of learning beyond the high school, hence the great importance of reaching this vast majority with the above enumerated useful teaching by placing it in the secondary of high school.

As a matter of fact a large proportion of our common school teachers receive their training in these high schools, and therefore if we can reach them there with this useful instruction, the problem of teaching agriculture in the common schools will in time do much to solve itself, and in due time legislation requiring the teaching of agriculture in the common schools will be really beneficial.

T. R. BRYANT, Head of Extension Dept., Experiment Station, Lexington, Ky.

FROM TEXAS.

If any of the readers of the NEWS are interested in the weather and conditions in north Texas, probably a brief report now and then will satisfy them. December was considered an unusually "treaky" month here on account of so much rain and cloudy weather. There was one little two-inch snow on about the 20th which only lasted a few hours. Most all street work and farming was suspended. Business and travel was light. But January up to the 12th seems more settled, and farming is resumed and the autoists are on the highways and the rural carriers are making good time.

Some kind of a court is in session most all the time here. This is a local option county and lots are getting from one to two years in the pen for "bootlegging" as it is called. We also have capital punishment here, but most of the citizens are opposed to it. We are living in an age of mercy and deportment. "Mercy extraleth over Judgment." But there seems to be but little or no mercy in exacting one life for that of another.

I am pleased to note the great development of resources of the Big Sandy Valley. Also of society and public functions in general.

As it is moving time for renters I have just moved off of it. 4 on to R. 7, a distance of about three miles southwest. At times there seems to be more tenants than land and houses. But in time all seems to get settled down some where or other and we hear no more of it for another 12 months. A great many land lords live in town and is in business there. Some good tenants have been holding for several years. To handle a good farm one should have \$1,500 to \$2,000 to begin with. Nevertheless there are people in most all kinds of circumstances. But all who are able must have an occupation or get out of Texas.

G. P. SALYER.

NERVOUS DYSPEPSIA, GAS OR INDIGESTION.

Each "Pape's Diapepsin" digests 3000 grains food, ending all stomach misery in five minutes.

Time! Pape's Diapepsin will digest anything you eat and overcome a sour, gassy or out-of-order stomach surely within five minutes. If your meals don't fit comfortably, or what you eat lies like a lump of lead in your stomach, or if you have heartburn, that is a sign of indigestion.

Get from your pharmacist a fifty-cent case of Pape's Diapepsin and take a dose just as soon as you can. There will be no sour risings, no belching of undigested food mixed with acid, no stomach gas or heartburn, fullness or heavy feeling in the stomach, nausea, debilitating headaches, dizziness or intestinal griping. This will all go, and, besides, there will be no sour food left over in the stomach to poison your breath with nauseous odors.

Pape's Diapepsin is a certain cure for out-of-order stomachs, because it takes hold of your food and digests it just the same as if your stomach wasn't there. Relief in five minutes from all stomach misery is waiting for you at any drug store.

These large fifty-cent cases contain enough "Pape's Diapepsin" to keep the entire family free from stomach disorders and indigestion for many months. It belongs in your home.

Attorney General Garnett has given an official opinion that hold-over as well as newly-elected members of the Kentucky State Senate are entitled to \$10 per diem.

A BLIGHT ON THE BLOOM OF OUR NATION.

We may get as many crops of corn or wheat as we want, but not so with our health crop. The great Creator has given us only one crop of health, and He expects us to take care of it. If we destroy it by any useless and foolish means, we have defeated God's expectations, and we will never get another one.

Doctors are only health mendmers, as cobblers are shoe mendmers, and they cannot give us a new crop of health. They can only mend up our old one.

Now, there is one thing which is very destructive to our health crop, and which should be avoided by every one. This destructive thing is tobacco. The best way to avoid tobacco is never to begin. Never take the first chew or smoke. The first leads to a second, and to a third, and before you know it tobacco has captured you as its slave; and when it once gets you firmly in its clutches it is a hopeless case, unless you have nerve and backbone enough to say, "I will quit," and stick to it.

There is one influence of tobacco that every one should understand. It blunts the senses and makes the user careless of the rights and feelings of others. The tobacco user will spit on sidewalks, floors of public buildings, and even on the floors of private homes. He will allow cigarette and cigar fumes to blow in the faces of clean decent people. He will take no pains to remove the bad odor that lingers about his person and clothing. He will think only of the gratification of his own selfish appetite, and not of his duty toward others. In fact, tobacco causes its user to care almost absolutely nothing for the rights and feelings of others, thus making his presence offensive to all who are not burdened with the tobacco habit. Now, a young man starting out to succeed in life cannot afford to allow such a habit to capture him and lead him to destruction.

One great menace to our country is the fact that everywhere young lads are taking up the cigarette habit. In cities and towns we see boys ten years old, and even younger, puffing away at the dangerous cigarette. Even when told of the destructiveness of the habit they will not take heed, for they see their fathers and other men smoke and prosper, and why can't they? They do not understand the fact that cigarettes are much more destructive to young lads than they are to older people. Go where you will in this great country of ours, and the trembling fingers, pale faces, squawky voices, and bleary eyes of young lads, tell the same pathetic story. This is a most serious blight upon American boyhood; and it is sapping the vitality from the youth of our nation.

The use of tobacco in any way is a most serious obstacle to studentship. It dulls the brain until the student cannot concentrate his mind on his studies. The cigarette-smoking student will sit down to study, and soon something will lead his hand automatically to roll and light a cigarette; and scarcely before he knows it, he is indulging in the habit, forgetting all about his lesson task. Therefore, he neglects the task and when he goes to class next day, he does not know his lesson. Then he is looked down upon by his classmates and considered one of the duffers of the class. Why? Because he smokes cigarettes.

Pause a moment and think about it, boys, when you are tempted to light a cigarette and put it into your mouth. Think how it dulls your brain and saps the health, strength, and vigor from your life. Think of the many filthy and diseased mouths from which has been cast the tobacco refuse, picked up again in public places to reappear in the innocent-looking and cheap brand of "Duke's Mixture," and "Bull Durham." Also, think of the terrible destruction to which cigarettes are leading you.

The cause of most tobacco using among young lads is parental ignorance and carelessness. The father will smoke before his son, and allow him to keep bad company, thinking that his son is "too good to take up such a habit." However the son takes up the habit, and before the father is aware of it, the habit has captured his son and is dragging him on to his doom. Many a father will sit in a room blue with

tobacco smoke and advise his son not to use tobacco. Now this cannot be done. If the father wants his son to refrain from the use of tobacco, he must do it himself.

There is another side to the whole question of tobacco, and that is the financial side. A man had just as well take a twenty-dollar bill from his pocket and burn it, as to spend it during the course of a year for tobacco. In fact, it would be better for him to burn it than to spend it for tobacco. It would not hurt his wealth to burn the money; but it would hurt his health to smoke it up or chew it up in tobacco. The enormous sum of \$800,000,000 is spent annually in the United States for tobacco, while only \$310,000,000 is spent for public education. Think of it. Every dollar spent for bad things pulls us down, while every dollar spent for good things lifts us up. Why not stop using tobacco and spend this \$800,000,000 for improvement of roads, advancement of education, betterment of churches, and improvement of sanitary conditions?

Now the tobacco habit can be broken. Some people may say it cannot; but it can, if the user will resolve to quit and stick to his resolution. The first thing to do is to resolve to quit. The next thing to do is to go on a fruit diet. Eat nothing but fruit three or four times a day. Just fill up on it, but do not eat anything else, and it will kill the tobacco feeling. The fact of the case is, that five hours after a person fills up on fruit, he does not want tobacco. Fill up on fruit, and then the tobacco will not have room. Generally the first day is all it takes. Sometimes it takes a second day for it, and sometimes three days. This is a simple plan for quitting tobacco; and all who try this plan, and who have nerve and backbone enough to stick to their resolution, will find that they can overcome the terrible tobacco habit.

HURSTON MORRIS.

HEAD AND NOSTRILS STUFFED FROM COLD.

"Pape's Cold Compound" cures colds and Grippe in few hours—Tastes nice—Acts gently.

Your cold will break and all gripe misery end after taking a dose of "Pape's Cold Compound" every two hours until three doses are taken.

It promptly opens clogged-up nostrils and air passages in the head, stops nasty discharge or nose running, relieves sick headache, dullness, sore throat, sneezing, feverishness and stiffness.

Don't stay stuffed-up! Quit blowing and snuffling! Ease your throbbing head—nothing else in the world gives such prompt relief as "Pape's Cold Compound," which costs only 25 cents at any drug store. It acts without assistance, tastes nice, and causes no inconvenience. Accept no substitute.

Woman's Danger Signals

Hot flashes—dizziness, fainting, headache, bearing-down feeling and all of a kind of nature are the danger signals. The female disturbance or irregularity, which calls for help, should have immediate care and treatment. Otherwise the delicate female constitution soon breaks down.

Dr. Pierce's Favorite Prescription

For more than 40 years has been lending its health restoring aid to thousands of women year after year throughout its long life.

This wonderfully successful remedy imparts strength to the entire system—particularly to the organically feminine. Nerves are refreshed. The "stale", overworked business woman, the run-down housewife, and the weary care-worn mother of a family—all will gain strength from this famous prescription which 40 years has demonstrated its effectiveness—in liquid or tablet form.

SOLD BY DEALERS IN MEDICINES.

Irvin Frazier was visiting relatives here recently.

McKinley Maynard was calling on Miss Ethel Frazier Sunday.

Several of over-the-river youngsters attended church here Sunday.

Clyde Tickels was visiting George Hardwick last week.

THORN ROSE.

FLAT GAP.

With sorrow we write of the death of Joseph Ross, one of the oldest and best citizens of Johnson county. He had been in delicate health for some time but not confined to his bed until last Saturday evening, when he became unconscious and remained so until past midnight, when he regained consciousness, but gradually became weaker until Monday morning, at half past two he peacefully, and without a struggle fell asleep in the arms of Jesus. He was 85 years old, a man of strong convictions and sterling qualities. He was a loving husband, a kind father, a stalwart democrat, a regular Baptist and had been a faithful member of the Laurel Hill Regular Baptist church for about forty years. He was very hospitable, his relatives and friends always found a hearty welcome to his heart and home, in fact no one was ever turned away from his table who was hungry. He leaves a wife, three sons, four daughters, several grand children and a host of friends to mourn his loss. But we thank God that we firmly believe that our loss is Heaven's gain. Funeral services were conducted by Rev. Ulysses Walters and Henry Daul Tuesday afternoon, when his body was carefully carried to the top of the hill and laid to rest in the family burying ground, surrounded by a number of relatives and friends.

Weep not brothers and sisters because father is gone. He sleepeth upon the hill but not alone.

A few more days upon this earthly sphere we must stay. If we trust God we will meet him some bright day.

We also learn that Mrs. Jimmie Lyons, widow of James Lyons, passed away this week and was buried Friday. We learn that she was 90 years old. We were not present and do not know the circumstances surrounding her death. Thus two of the oldest persons of our section have gone to try realities of another world. A FRIEND.

CANDO.

Married, Jan. 14, Mr. Ogden Judd to Miss Sallie Moore. We wish them a long and happy life.

Mrs. Mart Dixon is very sick at this writing.

Roy Hays attended church at Pack's chapel Sunday.

Huckle & Co., Philadelphia or St. Louis.

AT THE CHRISTIAN CHURCH.

On next Sunday night, Jan. 25, the Rev. L. M. Copley will preach in the Christian church in Louisa, the subject of the sermon being: "The Prodigal's Brother: A Comparison and a Contrast." All are cordially invited to hear this intensely interesting and practical analysis of character and portrayal of motives in conduct.

REMEDIES FOR COLDS

You will find all the good ones here

A. M. HUGHES,
DRUGGIST

FOR SALE OR EXCHANGE.

I have a farm of 150 acres lying on Nat's creek about half way between Richardson and Peach Orchard Coal Co. It is on line of C. & O. R. R., has a vein of fine coal opened, is 1 1/2 of a mile of Crystal Block Coal Co. tipple; two good dwelling houses; one 8-room new on west side of creek, the other 5-room with fine well on east side of R. R. Two good barns and good garden and orchard, two or three thousand trees can be made and a good lot of saw timber, oak, pine and poplar, other out buildings, a good stand for a store, no oil, gas or coal leases, title good. Some creek bottom 10 or 15 A. in grass. Call on or address for terms. S.BARTLETT, Richardson, Ky. 2t-1-16-pd.

FARM FOR SALE. Situated on Hulet Branch between Pulley Station and Potter Station. About three quarters of a mile from each station. 100 acres. Good outlet, and very good dwelling house five rooms, good out buildings, good well, good garden and good orchard. About 50 fruit trees, good barn. About 50 acres cleared land some grass, good meadow, 3 feet coal opened up one half mile from schoolhouse. About 15 acres in corn. If sold inside of 3 months the farm and crop will sell at \$1500 fifteen hundred dollars. For further information write BIG SANDY NEWS For Particulars. tf.

FARMS FOR SALE.

Farm, 18 A. bottom land, 7-room dwelling house, on river, railroad county road, close to church, school and stores. Plenty fruit trees. Good garden.

Farm 65 A. mostly in grass, house and barn, young orchard. 3 miles from Louisa. \$1500.00.

Farm 50 A. 1 mile from Ft. Gay W. Va. On R. R. and Co. road and river. Good land. No house. Price \$1000. F. H. FATES, Louisa, Ky.

FARMS FOR SALE.

This should appeal to men that want to raise cattle, hogs, sheep, or any kind of stock, and the man that wants to garden, raise fruits or berries, etc., for the market. Excellent farms. The market here is the best. The dairyman next, the live stock man next, etc. I have farms suited for all purposes, many of them on the best pikes in the county, some on good roads, all handy to school and church. I get a good many questions asked me: "Are there any negroes in the school district near such a farm you have advertised?" I have no farms in negro settlements, so there are no mixed schools here. Many of the farms I have for sale are close to my own. You may find men that will tell you before you get to me that it is too far out. Don't stop. Come on. I can show you better. The land is better out here, is much smoother and the roads are just as good. I have several good farms for sale with good locations for store, blacksmith shops, and many good opportunities for men to make money. Come and see me before you buy. Write or call me over the Bell phone. Write to Scotoville, Ohio. Always come on No. 15 on the N. & W. Write four days before you start. I will meet you with rig.

F. B. LYNCH,

THE MOUNTAIN BOY, R. D. No. 1, SCIOTOVILLE, O. Belle Phone, Harrisonville, O.

CIRCULATION, OVER 4400.

Friday, January 23, 1914.

ANNOUNCEMENT.

We are authorized to announce John M. Waugh as a candidate for Circuit Judge of the 32nd Judicial District, subject to the action of the Democratic party in the primary of August, 1915.

Representative Samuel Turley, of Mt. Sterling, died Tuesday night at Frankfort. He was the member from Montgomery and Menifee counties.

The report of the State Board of Health, as submitted to Gov. McCreary, shows that during the thirty-three months the vital statistics law has been in operation 83,778 deaths have occurred in the State, 33,866 of which were preventable.

Governor McCreary's public reception Tuesday evening, the first given in the magnificent new mansion, was a brilliant success. More than a thousand persons attended. The affair was informal and thoroughly enjoyable. No Kentuckian has done more toward establishing the State's great reputation for hospitality than

has Gov. McCreary.

A point of local interest was the fact that Mr. and Mrs. J. C. Mayo assisted in receiving Mrs. Mayo standing next to the Governor in the line.

The suffragists of Kentucky received a black eye, figuratively speaking, on Thursday when the head and front of the army, Miss Laura Clay, addressed the Kentucky Legislature. She failed to advance her cause, losing some who were once friends of women suffrage.

Chairman D. E. O'Sullivan, of the State Prison Board, is planning a prison farm for the occupation of 600 or more convicts, in the event the constitutional amendment permitting convict labor on the roads is declared invalid.

The Court of Appeals has held that the amendment permitting changes in the system of taxation is void because the Secretary of State failed to advertise it the proper time in advance of the election, and, as exactly the same facts exist relative to the convict amendment, it is assumed that that amendment will be killed when it comes before the courts.

Mr. O'Sullivan said all the State convicts are now working under the contract system. The Prison Board is anxious to get away from that system, but it is, of course, determined to keep the convicts busy and self-supporting. A number of contracts will probably be renewed and the Prison Board will ask the purchase of a 1,000-acre farm on which 600 convicts could be employed to raise supplies for the State institutions. North Carolina makes a profit of \$100,000 annually out of her convict farm.

Bargains in hats, caps and shoes at Sullivan's.

JUDGE M. M. REDWINE
ISSUES A CARD

A Few Words to the People of the 32nd Judicial District of Kentucky.

Having recently been called from the private walks of life to fill out the unexpired term of Judge Hannah, who has been elevated to the highest court in our commonwealth, I am at the work of holding your courts for a short time. Yielding to what seems to be a decided majority favoring my election for one regular term, and having a natural desire to be once elected Circuit Judge of my native district and conscientiously believing that I can fill that important office to the letter of the law, and that if I am ever elected Judge I must be now, I have decided to be a candidate for the Democratic nomination at the regular primary to be held in August 1915. I do not believe I should or will have any serious opposition, yet, if I do, I hope to have all democrats who believe that with my experience of over 30 years as a lawyer I can and will fill the place with credit to myself and to the good of all the people, to give me their support which I will ever appreciate and gratefully remember.

I pledge to you my word and sacred honor that I will rigidly enforce the law and crush out the evils, which do so much to disturb the good order and peace of all communities.

Very sincerely yours,
M. M. REDWINE.

FRUITS AND FLOWERS.

For error in instructing the jury the Pike Circuit Court was reversed by the Court of Appeals in the case of *Lapel Rose*, sentenced to from two to twenty-one years for killing Lotta Maraschino, May 20, 1913.

Since the high court has reversed the decision of the court below the defendant might wear his rose in his hatband instead of his lapel and let berries of the maraschino type alone.

Washington, Jan. 18.—Representative W. J. Fields issued the following statement to-day:

"Referring to the statement of Representative Moss, of Indiana, which was published in the *Courier-Journal* on the 13th inst., in which he stated that the Glass-Owen currency law affords no benefits or advantages to the farmers of Kentucky, I have to say that while I have the highest regard for the judgment of Mr. Moss on matters pertaining to the interests of the farmers, I must take issue with the statement referred to. And I am forced to believe that he, in his zealous support of the proposed system of rural credits, underestimated the Glass-Owen law in its relation to the agricultural interests of the country.

"I agree with Mr. Moss that a well instituted rural credit system would be even more beneficial to the farmers than the Glass-Owen law, or any other national banking system. But I must contend that the Glass-Owen law is a great improvement over the former plan.

"We have 145 national banks in Kentucky, capitalized at \$17,858,500. These banks are now permitted to loan money on improved farm lands for a period of five years, which they were not permitted to do under the previous law. This opens a new avenue of credit to the farmers of the State, which will be of immeasurable value to them."

REPORTS ON DISEASES.

Frankfort, Ky., Jan. 14.—In the biennial report of the State Board of Health to the Governor, adopted to-day, comment is made on the fact that the first board was appointed by Gov. McCreary during his first term, and that now, under the Act of 1910, the board "for the first time is able to give in exact figures an actual invoice of the state of health of our population."

The report shows that in the thirty-three months of the operation of the vital statistics law there have been reported 169,854 births and 83,778 deaths, of the latter 23,866 being caused by preventable diseases. For each of these deaths, says the report, there were twenty-six cases of illness from the same cause, making a total of 541,856 cases of illness which ought to have been prevented.

During the last two years 157,562 microscope examinations have been made in the bacteriological laboratory of specimens submitted to determine the kind of disease germs causing the malady being investigated, showing that physicians all over the State are availing themselves of

We Are Beginning
This Week Our
Clearance Sale

We are very desirous of cleaning up the different items mentioned in this advertisement and some of the announcements or specials may sound a little extravagant, but, remember The Anderson-Newcomb Co. have never knowingly made a statement in one of their ads, our policy being always to give more than we advertise. So if some of these statements seem a little strong, remember that seeing is believing, so come to Huntington and get your share of the special values because they are every one here for you.

JOHN H. CARTER, Ex-Sheriff Lawrence County, Ky.

Major Rand To Be Relieved.

Washington, Jan. 13.—Lewis H. Rand of the army engineers, will be relieved of his duties in charge of the river work in the Cincinnati district because in approving a bridge at Duncan, O., he wrote the supervisor of Muskingum-co. that the structure would suit the needs of inhabitants "who were not too old or too drunk."

The supervisor brought Major Rand's letter to the attention of Secretary Garrison, who today decided to relieve Major Rand and write a letter of apology to the supervisor.

Mr. Shank, of the Louisa Mill, has been confined to his bed with rheumatism this week.

How's This?

ROBT. T. WORKMAN.

Robert T. Workman, Deceased, Member of Aurora Lodge A. F. & A. M., and of the Brotherhood of Locomotive Engineers assisted in the conduct of the last and rites over the body of Robt. T. Workman at Manly M. E. Church, Monday morning, and later had charge of the short services at the grave in Green-lawn cemetery. Both orders had representative delegations present, who marched in a body to the cemetery behind the funeral bier of their dead brother.

Rev. L. I. Hart, pastor of Manly church, of which church the family of the deceased were attendants, preached the funeral sermon. He paid special tribute to the life and character of the deceased and of the nobleness of his calling, that of a locomotive engineer. Special music was rendered by the Manly church choir. At the grave the services were in charge of the Masonic lodge and of the Brotherhood of Locomotive Engineers, each organization paying its final tribute to his memory in the exemplification of the grave service of the order.

Robt. T. Workman was born at Echo, Wayne-co., W. Va., Oct. 29, 1881—age, 32 years, 1 month and 27 days. He was married to Miss Lottie Rickman, of Zella, Ky., Aug. 26, 1903, to which union were born three children: Shirley, Manly and Folsom, aged 9, 7 and 5, respectively, all of whom survive their father.

The deceased was taken sick Tuesday, December 9, with pneumonia and grew steadily worse until the end came early last Friday morning. He was a man of exemplary character and morals, and at all times was a faithful and constant observer of the Golden Rule. On Christmas evening he was converted to Christianity and told his sorrowing relatives that he was at peace with his Maker and ready to die. He was a member of the Masonic lodge of Louisa, Ky., and of the B. of L. E. of this city.—Portsmouth Times.

Mr. and Mrs. Shiplett and Mr. and Mrs. Robertson were guests of Mr. and Mrs. L. S. Johnson on Sunday last. Messrs. Robertson and Shiplett are connected with the Beaver Creek project, and the party was here en route from Virginia to Wayland and vicinity.

"IN A BAD WAY."

Many a Louisa Reader Will Feel Grateful for This Information.

If your back gives out; Becomes lame, weak or aching; If urinary troubles set in, Perhaps your kidneys are "in a bad way."

Dean's Kidney Pills are for weak kidneys.

Local evidence proves their merit. Mrs. R. Lewis, Franklin St., Louisa, Ky., says: "For a long time I suffered from various symptoms of kidney complaint. I experimented with many remedies but found no benefit until I took Dean's Kidney Pills. They gave me freedom from spells of backache, strengthened my kidneys and bladder and improved my health in every way. I am glad to confirm my former endorsement of Dean's Kidney Pills."

WEST VIRGINIA NEIGHBORS.

GREAT VALLEYS FLOODED BUT NO LIVES LOST.

Piedmont, W. Va., Jan. 15.—A wall of water twenty feet high is sweeping down the North branch of the Potomac river, following the bursting of the dam of the West Virginia Pulp and Paper Company at Dobbin. According to reports reaching here, the inhabitants of the valley fled to the hills. No loss of life is reported. The dam is one thousand and seventy-five feet wide, backing water for over three miles. The dam was first noticed to be cracked last night by watchman and early today a portion of the structure gave away. Shortly before noon the second break occurred. Half a dozen of the towns in the path of the flood are threatened with destruction. The monetary loss will be very heavy.

Reassured that the worst of the flood which swept down Stony creek and upper Potomac valleys yesterday, as a result of the breaking of the great dam of the West Virginia Pulp and Paper Co., at Dobbin, W. Va., is over, the hundreds of refugees who fled to the hills upon the first warning began to return to their homes early today.

The valley is getting itself together and counting the damage from the flood. Although thousands of persons were imperiled no lives were lost, so far as has been ascertained. There were, however, reports of many thrilling rescues.

It is believed that the prompt action of the Pulp and Paper Co.'s employees in sending out warning of the impending danger throughout the valley enabled all in the danger zone to escape.

It probably will be several days before anything like an accurate estimate of the damage to property can be obtained, but officials here fix it at about \$200,000.

With telephone and telegraph communication re-established, definite estimates of the loss soon may be had. The greatest damage was to railroad property.

The telegraph operator at Schell is being lauded today as a hero. He stuck to his post until he heard the noise of the rushing waters, flashlag a warning in all directions. It was feared he had been lost, but he turned up safe at Cumberland later in the day.

The flood warning emptied the town of Shaw and sent many residents of Blaine, Harrison, Kitzmiller and other small places in the path of the water hurrying to the ridges.

Fear that the waters might rise still further prevented many of the refugees from returning to their homes, even into towns where little damage was done.

The floodwave apparently expended its energy in a mad twenty-mile dash down the valley of the Stony creek from the face of the bursted dam to Schell. This valley, however, was practically uninhabited. It was owned by the West Virginia Pulp and Paper company as a right-of-way and watershed.

The big dam which impounded a lake of water five miles long and which was sixty-five feet high had been weakening for several days. Wednesday night it began to crumble and a farmer from the mountain village of Mt. Storm rode down the valley warning the few inhabitants of the impending break.

Early yesterday a part of the big structure gave way and at once the sweeping waters carried away the greater part of the face of the dam in a mass of wreckage. The released weight of water in a wall-like wave swept down to Schell. There the railroad of the Western Maryland Railroad was washed out and traffic on the road was tied up. Coal and lumber trains are waiting on both sides of the flood.

Below Schell the rushing water

joined the Potomac River and for seventy miles the gradually diminishing wall of water rolled on, increasing the height of the river by from three feet to eight feet in its seventy-mile course between Schell and Cumberland.

The Potomac was filled with ice and this, with wreckage of log booms torn from their moorings, added force to the flood. Fearful lest the mass of wreckage would pile up and pen the rushing waters, the authorities and railroad officials last night dynamited several small bridges in the valley which threatened to jam the rush.

Last night the ridges along both sides of the rushing torrent for seventy miles from the deluged town of Schell to this city were dotted with camp-fires and lanterns of refugees and miners and lumbermen from the hills. Late in the night the re-established telephone line from Schell brought the re-assuring news that the water was subsiding, but the refugees still clung to the temporary shacks and shelters above the flood.

The six year old son of Mrs. Neph Maynard, who lives on Second-ave. near the bridge, died at 1 o'clock this morning of terrible burns he received yesterday afternoon while playing in the front yard of his home.

The little fellow was playing with a newspaper and about 1 o'clock he procured a match and set the paper afire. The wind was blowing toward him and the flames caught his cloth tag.—Williamson News.

Buster, the little six-year old son of Lark White, of Holden, was killed last Friday by a yard engine while he was crossing the railroad on his way to school.

The little fellow had been to dinner and was returning to school and attempted to cross the railroad before the engine, when he fell and the engine passed over him cutting his body in two. He lived about 20 minutes after the accident.

KENTUCKY NEIGHBORS.

The Court of Appeals has judgment in the case of Hobbs vs. Commonwealth, from Pike.

Winchester, Ky., Jan. 16.—H. F. Davis & Co., a corporation owning about 1,720 acres of coal land in Breathitt-co., near the Perry county line, yesterday sold all of its holdings to the Wolf Valley Coal Company, a Delaware corporation, for a price said to exceed \$50,000.

Jim Holton is the corn king of Wolfe-co. without doubt. He has a crib ninety feet long, seven feet wide and ten feet deep which is full up and estimated to have in it 2,620 bushels of sound corn. He has in another crib about 300 or more bushels. And the beauty of the matter is that he raised every ear of it. Who can beat him?—Hazel Green Herald.

Jackson, Ky., Jan. 16.—The Wolfe Creek Coal company has closed a deal whereby they purchased outright 1,500 acres of land on Wolfe creek and secured the mineral rights on an additional 500 acres adjoining. The price paid was from \$30 to \$50 per acre, and the deal is one of the largest ever made in this county. W. H. Soper, the general manager of the company, will leave at once for Chicago to purchase the necessary equipment, and the mine will be in operation in about two months. The other members of the company are Messrs. K. L. Ames, T. C. Lowkes and W. W. Ross, of Chicago, and all are practical coal operators. The concern will be the largest that has ever worked in the county, and the machinery installed will be of the most modern type. A contract has been let to Mason & Hunsor for the construction of a spur line of the L. and N. to the mine, and one hundred dwelling houses will be erected for the accommodation of the employees.

Below Schell the rushing water

OLIOVILLE.

Roads are almost dry. There are some mud holes where culverts are needed.

Stock cattle are high and cattle men say they will remain so.

Marion Francis Jordan slipped away from his daily routine of work and went to Louisa one day last week, a witness in the Thompson-Stone contest case.

John H. Fruisher has gone to Lackey, Ky., where he has employment as a carpenter. His young wife did not accompany him but remained with her parents here.

One of the greatest meetings ever held at Compton is being held by Rev. W. M. Crahtree and others. Old sinners are confessing their guilt and seeking salvation of humanity. May the good work go on till sin will not raise its slimy form in our community.

Mr. and Mrs. W. F. Webb spent Saturday and Sunday with Dave Thompson and family.

Sanford Pennington has bought Jim Prichard's hickory timber and is manufacturing it into handles.

William Bradnard and Joe Fannin are leasing the land through here for all minerals, especially coal. A great many have leased their land. Lem Jucklens hasn't.

The stork left Mr. and Mrs. Roy Jordan a fine girl last week.

Lots of our people are attending meeting at Compton.

Harmon Mullens is working for Wilson Combs.

The infant son of Mr. and Mrs. Jim Prichard has been quite sick but is better now.

OLD LEM JUCKLENS.

FALLSBURG.

On Dec. 31, 1913, Miss Ida Savage, daughter of Mr. W. M. Savage, of Fallsburg was married to Mr. Ben Calais, of Catlettsburg. There were quite a number of persons present including Mr. Joseph Smith, of the Flat Top Coal field. Mr. Harry Austin performed the ceremony, which took place at the home of the bride's parents. After dark quite a crowd of people from the district went to the residence to give them the usual serenade and good greetings. The newly married couple left afterwards for Catlettsburg, where they will make their home.

On Tuesday Mr. Joseph Smith, who has been indisposed on account of ill health, left our town to take up his position again in the coal fields. He has been staying at the home of Mr. W. M. Savage during his stay here. APPLE BLOSSOM.

CHILDREN HATE OIL, CALOMEL AND PILLS.

"California Syrup of Figs" best for tender stomach, liver, bowels—tastes delicious.

Look back at your childhood days. Remember the "dose" mother insisted on—custor oil, calomel, cathartics. How you hated them, how you fought against taking them.

With our children it's different. Mothers who cling to the old form of physic simply don't realize what they do. The children's revolt is well-founded. Their tender little "insides" are injured by them.

If your child's stomach, liver and bowels need cleansing, give only delicious "California Syrup of Figs." Its action is positive, but gentle. Millions of mothers keep this harmless "fruit laxative" handy; they know children love to take it; that it never fails to clean the liver and bowels and sweeten the stomach, and that a teaspoonful given today saves a sick child tomorrow.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly on each bottle. Beware of counterfeiters sold here. See that it is made by "California Fig Syrup Company." Refuse any other kind with contempt.

OVERDA.

There will be church at Oakhill the 4th Sunday.

Harry Chaffin and Minnie Parker were united in marriage. Also Dave Adams and Georgia Wellman.

Miss Jessie Hayz is on the sick list.

Jesse Swiney will leave soon for Columbus, O.

Miss Mary Adams and Hovie Pinkerton have gone to Grayson to attend school this winter.

Stella Wright has been on the sick list for the last few days.

Cluster Bishop was calling on Miss Nellie Wright Sunday.

Born, to Alvin Holbrook and wife, a fine boy.

Misses Nellie and Mary Wright were visiting their cousin, Mrs. Becca Adams Saturday and Sunday.

Church at Hinton Kuoh was not largely attended.

Drew Adams was calling on Can- nio Huys Sunday.

Leonard Adams has been sick for the last few days. CASEY.

"Backache! Me?-- On No. -- Not Now."

John Sorrowful—"How'd'ye do, Anty Drudge? I'm waiting for Mary to hand me out a bite of cold lunch. I never go in the house on wash-day."

Anty Drudge—"Nonsense. Your wife washed with Fels-Naptha Soap today, and it was all done two hours ago. She has a nice hot lunch for you and had time to read and play the piano besides."

There was a woman who made a prayer to be saved from washday with all its care. Then she tried Fels-Naptha Soap. It wasn't exactly washday that she meant, but the hard rubbing, hot, steam-filled kitchens—all the disagreeable part of washday.

Fels-Naptha Soap answers that wish. Soap the clothes, roll and let them soak in cool or lukewarm water for 30 minutes, rub lightly, then rinse.

You'll find directions on the red and green wrapper.

Fels & Co., Philadelphia.

HOME CIRCLE COLUMN.

COLUMN DEDICATED TO TIERED MOTHERS AS THEY JOIN THE HOME CIRCLE AT EVENING TIME.

Not Fruitless.

A man who has spent a busy year sits down for a little retrospect. He falls into a moody frame, and in a tone of regret says: "I have worked all the year through, but there is hardly anything to show for it; my work has had no permanence." But a good spirit was beside him and she said: "My dear, do you remember those flowers that grew right out there? Those roses, petunias, heliotropes, geraniums, and most of all that beautiful lilium auratum? Well they are all gone. Not one of them had any permanence, you cannot even find a stem to tell that they existed. And yet they were beautiful while they lasted filling the air with fragrance, pleasing the eye of all who saw them, and they are remembered still by many persons to whom they were messengers of gentleness." And the moody shadow seemed to break away from his brow, giving place to a smile and an air of satisfaction. But later in the day, after all the work was done and she was weary, heaving a sigh, she said, sadly: "My life is just a round of the same duties, and seems to be wholly fruitless." It was his time now, and looking up cheerily he said: "Not so, my dear. Do you see that tree over there, that noble oak? Well, it has stood there these many years, more than you and I can tell, and its life has been almost wholly without variety. Each summer it is crowned with foliage

STATE NORMAL
RICHMOND, KY.
A Training School for Teachers

For prospectus, write to the President.

and then each autumn the winds sweep it all away. But the birds sit there and sing, the cattle gather under it on sultry days and children collect about it to picnic on their holidays. There is nothing of all that there now, but what a help has the old tree been, and how many pleasant things could be told about it—how noble an object it is, also, in the wintry landscape." The parable was not without its meaning. The good mother returned the smile of the benignant rather, and together they sang at their family worship of the loving kindness of the Lord.

A Cheerful Spirit.

The effect of a cheerful, contented spirit in the mother of a family is not to be estimated. The atmosphere of happiness is the atmosphere of finest development for any child. Look over the families of your acquaintance, my kind reader, and tell me who have been most successful in raising sons and daughters to be ornaments to their family and pillars in the social fabric. Have they not been, in almost every instance, those where happiness has blossomed and borne daily fruit? But give to a household earthly competence, strict morality, and even earnest piety, and let the essential element of home rectitude be wanting there, and does that family prove a success? When Solomon said, "Train up a child in the way he should go," he meant something more than enforcing obedience, inculcating principles of honesty and restraining from vice. The young plant must have earth, warmth, moisture and sunshine, or it will never shine in its full beauty; and so the young heart must drink the waters of content and joy or the character will be dwarfed and imperfect.

A Mirror Of Yourself.

"If you wish to see a perfect mirror of yourself," said an experienced teacher, "look at your class." And not less truthfully is every mother mirrored in the prevailing tone and temper of the family she presides over. Let her be critical, impatient, hard to please, and how surely will the same manifestations appear around her, and discord on the musical and darkness on the glory. The sunny face of childhood will be overcast with clouds, and the ringing laughter will be stilled and the pall of gloom and sadness cover the family roof-tree. On the contrary if she is sunny and patient, you will see only beaming faces around her; her voice is ever pleasant and cheery no dissonance will grate upon your ear within that charmed home-circle. If perpetually she turns the cloud to find the silver lining, or soars above it to the undimmed sunlight of eternal calm in a loving confidence in the great Father of us all, her children, her husband and her friends will, unconsciously, perhaps, but none the less certainly, drink in the same blessed spirit and rejoice in the same divine warmth and brightness.

Fulfillment.

Whatever happens, never forsake a friend. When enemies gather, when sickness falls on the heart, when the world is dark and cheerless, is the time to try true friendship. They who turn from the scenes of distress betray their hypocrisy, and prove that interest only moves them. If you have a friend who loves you, who has studied your interest and happiness, be sure to sustain him in adversity. Let him feel that his love was not thrown away. Real fidelity may be rare but it exists—in the heart. They only deny its worth and power who never loved a friend or labored to make a friend happy.

THICK, GLOSSY HAIR FREE FROM DANDRUFF.

Girls! Beautify your hair! Make it soft, fluffy and luxuriant—Try the moist cloth.

Try as you will, after an application of Danderline, you cannot find a single trace of dandruff or falling hair and your scalp will not itch, but what will please you most, will be after a few weeks' use, when you see new hair, fine and downy at first—yes—then really new hair—growing all over the scalp.

A little Danderline immediately doubles the beauty of your hair. No difference how dull, faded, brittle and scraggy, just moisten a cloth with Danderline and carefully draw it through your hair, taking one small strand at a time. The effect is immediate and amazing—your hair will be light, fluffy and wavy, and have an appearance of abundance; an incomparable lustre, softness and luxuriance, the beauty and shimmer of true hair health.

Get a 25 cent bottle of Knowlton's Danderline from any drug store or toilet counter, and prove that your hair is at pretty and soft as any—that it has been neglected or injured by careless treatment—that's all.

A LETTER FROM KANSAS.

Stafford, Kan., Jan. 15, '14.
Editor Big Sandy News:
Louisia, Kentucky.

Have often seen through the columns of your paper letters from different parts of this state from some Kentuckian.

Have often thought of writing from the little town of Stafford, which is located in the south central part of the state. We can be found on some maps but not all, for we are small, only one mile square, a population of 1800. Stafford is a pretty town, well shaded and nice residences, and an up-to-date little town in many ways. We have two railroads, Santa Fe and Missouri Pacific. One would think this is a very religious place when I tell you we have nine different churches. Namely, Christian, Baptist, Methodist, United Presbyterian, Reformed Presbyterian, Friends or Quakers, The Church of Christ, Congregational and Catholic. Out of the nine churches five are brick buildings, nice in workmanship and good seating capacity. Stafford has much wealth, greater portion of the town are retired farmers. We have two banks The Farmers National Bank, capital \$50,000.00. The First State Bank, capital \$30,000.00. Two large brick school buildings. The high school has 161 pupils at present. The grades 416. Two large furniture stores, three hardware, four dry goods, seven groceries, three drug stores, two printing offices, two meat shops, two bakeries, two livery stables, four garages and public library. This is a great state for automobiles has a greater number of cars except New York, in U. S. As a general thing there are but few days at a time throughout the winter season, the cars are not heard chugging through the streets, (and the streets are not paved) so far this winter we have had but little cold weather. The thermometer has not reached zero yet. We know not what to expect here, the weather is so freakish, I remember two years ago this month we got up on Sunday morning a nice gentle snow falling and before night developed into a genuine old fashioned blizzard, and on Monday morning we were snow bound, a drift in every door, and the south kitchen window completely covered, the wind had ceased and the sun was bright. I wish I was able to describe some of the Kansas freaks. The fall and winter seasons are the most desirable. We have wind the entire year, but what we call wind is from about first of February until May or June, and in this windy season I have experienced a number of terrible dust storms, the air being so full of dust we could not see the sun, and the dust is so fine it can go through any place the air can pass, the inside of the houses to full we can track oneself throughout then is the time when we housewives drop our heads and long for our home state. After this windy season is partly past, "Old Sol" pours down on us with all his strength seemingly, and I have known him to keep the thermometer at 114 degree for four hours with hot wind from the south that cooked all the vegetation, (only that was thoroughly soaked with water the previous day) the furniture, dishes and everything were so hot we could scarcely touch them. When we have the hot winds we close all doors and windows to keep as much as possible out. The nights are usually much cooler. The summers are long, hot and dry with so many electric storms. There is one thing in our favor during the long summers and that is an endless supply of good, cold clear water. Those that use city water are supplied from

SEVERE PUNISHMENT

Of Mrs. Chappell, of Five Years' Standing, Relieved by Cardui.

Mt. Airy, N. C.—Mrs. Sarah M. Chappell of this town, says: "I suffered for five years with womanly troubles, also stomach troubles, and my punishment was more than any one could tell."

I tried most every kind of medicine, but none did me any good. I read one day about Cardui, the woman's tonic, and I decided to try it. I had not taken but about six bottles until I was almost cured. It did me more good than all the other medicines I had tried, put together.

My friends began asking me why I looked so well, and I told them about Cardui. Several are now taking it.

Do you, lady reader, suffer from any of the ailments due to womanly trouble, such as headache, backache, sideache, sleeplessness, and that everlastingly tired feeling?

If so, let us urge you to give Cardui a trial. We feel confident it will help you, just as it has a million other women in the past half century.

Begin taking Cardui to-day. You won't regret it. All druggists.

Write to: Chattanooga Medicine Co., Ladies' Advisory Dept., Chattanooga, Tenn., for special instructions on your case and 6-page booklet, "Home Treatment for Women," in plain wrapper. N.C. 126

PIKE COUNTY NEWS

(James L. Phelps, of Pikeville, is authorized to accept and receipt for subscriptions to the Big Sandy News.)

NEW ICE PLANT.

The ice plant which has supplied the city and neighboring towns during the warm weather has been found to be inadequate to supply the demand, and last week Hoffman Bros. began to tear out the old two and one-half ton plant, which is located near their mill in South Pikeville, and a modern 15-ton plant is being installed in the place of it. This means that when ice time comes again, fifteen tons of ice per day will be manufactured to supply the demand.

The new plant arrived last Saturday.

RECORD-BREAKING ATTENDANCE.

The evangelistic meetings under the direction of Rev. W. J. Stith, of Ada, Ohio, were transferred last week from the First M. E. Church to the courthouse, because the church building was far too small to accommodate the unusual attendance. Perhaps the largest congregation that has listened to a sermon in Pikeville in many years heard the illustrated sermon of Dr. Stith in the court room last Sunday night. The great auditorium was packed to the limit, and a grand choir of fifty voices sang the hymns of worship as never before. The meetings have so far been a great success.

LIQUOR MEN WANT PIKE-CO. DIVIDED.

West Virginia becomes a dry state after July 1st, of this year, and the liquor interests of Williamson, W. Va., ever bent on the ruin of others, have fallen upon a unique plan to create for themselves a new territory in Kentucky where they may continue their business.

Last week a delegation of seven of the business men of Mingo-co. came to Pikeville to try to interest Pike-co. people in the idea of creating a new county out of the eastern portion of Pike-co. and locate a new county seat at the mouth of Pond creek, just across the Tug river from Williamson. Their reason given out for the new proposed county is that it will relieve those living on that side of the county from the hardship of coming to Pikeville to court, etc. But why are West Virginia business men so interested in the affairs of Kentucky people?

There is perhaps another reason that was not given out. If the new county seat of Jenkins, at the mouth of Pond creek would get the illustrated sermon of Dr. Stith in the court room last Sunday night. The great auditorium was packed to the limit, and a grand choir of fifty voices sang the hymns of worship as never before. The meetings have so far been a great success.

have an easy task to move their saloons over to the Kentucky side, vote the new county wet, and continue the West Virginia liquor business just the same as formerly. Much Pike-co. business would also flow to Williamson.

And this supplies a reason for a combination of liquor and real estate men invading another county of another state and seeking to have that county divided in halves for their especial benefit. To this end, an effort will be made at the present session of the Legislature to secure a division of Pike-co., but organized resistance will bitterly oppose it.

A public protest meeting was held in the court room Saturday afternoon, and several committees were organized, among them being a finance and publicity committee. This meeting was largely attended, and another session was held at six o'clock on the same evening, at which the former organization and appointment of committees were confirmed.

DR. CAMPBELL ACCIDENTALLY KILLED.

While riding through the Narrows just above town, last Friday at midnight, Dr. W. A. Campbell, a physician and surgeon well known throughout Eastern Kentucky, met an accidental death. He was on his way to visit the sick on Island creek and while it is not definitely known how the accident occurred, it is supposed that the horse which he was riding became frightened and plunged forward breaking the saddle girth. The riderless horse came into town about midnight, which was the first indication that something had gone amiss. A party of searchers went in search of him, and the dead body was found lying on the hillside, just a few feet above the railway tracks, some 50 feet below the road from where he had fallen. It was at first thought that the neck was broken, but a post mortem examination proved that such was not the case, and that the blow which crushed in the skull at the back of the head was the real cause of his death. He leaves a family.

The funeral and interment took place at the York farm, three miles south of Pikeville, Tuesday afternoon. The interment ceremony was conducted by the Order of Odd Fellows of which he was a member, and a large gathering from every side of the county, and from adjoining counties, took the last look upon the face of the great physician, whose name, especially in Pike-co., had for many years been a household word. He leaves a wife and daughter to mourn for him.

COURT DATE CHANGED.

With the advent of the new year, Pikeville became a fourth class town, and Judge Robt. L. Miller of the Police Court announces that the date of the monthly term of his court is thereby changed from the second Monday in each month to the first Tuesday. The next term will accordingly begin on the first Tuesday in February. Over three hundred cases have been docketed for trial at this term.

WILL START NEW PAPER.

Pikeville's need for a live, reliable newspaper now seems certain to be supplied. Mr. Lewis Morse, a practical printer and newspaper man of Cincinnati, Ky., was here Monday, and he is quite well pleased with the situation and prospects for the future of a dependable newspaper. Mr. Morse has prepared to lease the old Kentucky plant, and begin operation right at once. He is not yet certain where he will locate the plant, but it is a certainty he means business, and will do his fair share to give to our city a new, clean, independent weekly paper.

RELIGIOUS MEN QUARREL.

An influential disciple of the House of David, Benton Harbor, Mich., came to Pikeville a week ago, and has held several meetings on the street, in which he promulgated the doctrine of eternal life in the flesh. To this no one paid any heed or took exception. But at his meeting Tuesday he was interrupted in his discourse by Prof. Winter, choir director of the revival now in progress at the court house. Several bystanders became annoyed at the brusque interruption, while others of the faith applauded. Angry men said, "let the stranger have a square deal," but the irate Winter belabored the stranger with scriptural quotations with the usual result, which afforded ample enjoyment to the multitude.

LOCAL AND PERSONAL.

Miss Irene Keel, of Middle creek, Floyd-co., the pretty daughter of John W. Keel, (who was a former citizen of Pikeville) has entered as a student at Pikeville college.

A slight freight wreck occurred just above Marrowbone junction Monday evening, when one car loaded with lumber and being hauled

down the creek by the Marrowbone shifter left the tracks and was wrecked. The passenger train bound for Hellier was prevented from making the trip on account of the accident.

Mrs. Adam Venters, of Regina is the guest for a few days of the family of her daughter, Mrs. John W. Keel, on College Hill this week.

Judge J. P. Marrs returned from a visit to his farm at Winchester Tuesday.

Attorney W. W. Williams, of Prestonsburg was in town on legal business Tuesday.

J. R. Johnson, who has been near death at his home on College-st. of malaria and Bright's disease for several weeks is very little better at this time. He may not recover.

Sam and Jasper Snad will go to Ashland Saturday on business connected with their suit in voluntary bankruptcy.

M. M. Burgess, of Louisa was a professional visitor here Monday.

Dr. J. M. York, of Catlettsburg, and Dr. Gruver L. Howard, of Prestonsburg attended the funeral of Dr. W. A. Campbell here Tuesday.

Mrs. Mary Kirk, of Inez, Ky., is the guest of friends here for a few days this week.

Miss Mae Meade and Miss Kathryn Rice, of Paintsville are the weekend guests of Miss Meade's brother, Dr. J. D. Meade, of Theater-st.

Mr. and Mrs. Robt. L. Marrs, of Mossy Bottom were here Tuesday stopping at the Pike hotel.

A. C. Holbrook, of Louisa was in town looking after business interests Tuesday.

W. P. McNay, of Prestonsburg attended the funeral of Dr. Campbell here Tuesday.

Little Helena Keel, who has had a severe cold for several days, is now well again.

J. M. Irvine, of Ashland was in town Monday.

At the Presbyterian church Wednesday night Miss Bess Edith Barton was heard in a number of delightful literary interpretations under the auspices of the Colt Lyceum Bureau.

Miss Fern Polley, of Millard was here yesterday. She will return soon to enter as a student at the public school.

John D. Keel, of Floyd-co., was here for several days this week as the guest of his relatives.

John W. Wheeler, of Paintsville was in town on business Tuesday.

M. A. Duval was here from Jenkins Tuesday.

Improvements are being made on the W. K. Steele property on Third street, which was recently purchased by L. L. Stone.

J. N. Steel, of Williamsburg, county attorney for Whitley-co., was here last week.

Judge J. P. Marrs is spending a few days on his farm at Winchester.

Dr. P. C. Sanders at Elkhorn city is near the point of death from pneumonia. Four doctors (two of them from Pikeville) have been in attendance at his bedside.

U. S. deputy J. Mart Potter returned last week from a very successful moonshine raid in Letcher county.

Mrs. O. C. Bond, of Virgie, on Shelby creek, was in town several days recently.

M. M. Burgess, of Louisa spent Sunday at Pikeville.

Frankfort, Ky., Jan. 19.—The appointment of John P. Butler, Republican candidate for Circuit Judge in the new Thirty-fifth district, composed of Pike and Letcher counties, from the judgment of Special Judge J. R. Layman in the contest suit of J. M. Robertson, Democratic candidate, declaring the election void for fraud, reached the Court of Appeals today. Judge Layman said there was such evidence of fraud and corruption that he could not determine who was elected.

GET BUSY, KENTUCKIANS!

Dates For Postmastership Examinations Are Announced.

Washington, Dec. 20.—The Civil Service Commission has named dates for the examination of applicants for fourth-class postmasterships in Kentucky. From those successful in passing the examination the Postmaster-General will designate Postmasters for practically every fourth-class office in Kentucky which pays a salary of more than \$180 a year. The list is as follows:

February 7.—Salisburyville.
February 9.—Grayson.
February 10.—Morehead.
February 12.—West Liberty.
February 14.—Ashland, Catlettsburg, Williamson, (W. Va.)
February 16.—Paintsville.
February 17.—Prestonsburg.
February 18.—Pikeville.
February 20.—Warfield.
February 21.—Hazard, Vanceburg, Louisa.
February 23.—Hindman.
February 25.—Whitesburg.

LETCHER COUNTY.

WHITESBURG, KY., Jan. 21.—

The Letcher County Grand Jury, it is expected will be closed here tomorrow, one of the most important sessions in the county's history. At this session no less than seven murders were investigated, and six indictments for murder were returned, the largest number ever on the dock at before at one time in the history of Letcher. One of the cases fell before the grand jury, that of Blaine Collins policeman at McRobert's who killed, in self defense, James Turner in September when he went to arrest Turner. Judge Butler, however, is determined to try ever murder case on the docket and will continue court four weeks if necessary. Friday and Saturday were taken up in the trial of Arthur Roberts, who killed Wilson Sizemore his brother-in-law at Neen a month ago, and a verdict was reached late Saturday night: Roberts was found guilty of manslaughter and will get from two to twenty-one years in the Kentucky penitentiary. Other cases are to come up this week.

County Road Engineer I. N. Lewis returned from Lexington, where he completed a course in road engineering and resumed his duties on the new road between Mayking and Kona now being rapidly constructed.

Sam H. Haritt came up from Gurdard county and made a bid on his old home place on Coby above here. Sam says there's no place like home. Emeline, too, is mightily homesick.

The Letcher Co. Board of Education met the past week and made plans for the completion of the county's high school. Another meeting was called for completion of plans for the building, the foundation of which was completed over a year ago. The building will cost about \$30,000 when completed.

County Judge Henry T. Day and others are making arrangements to take a bear hunt into the Cumberland mountains near the Cumberland river headwaters in this county where bear tracks have been seen for over a year, to hunt out old Bruin. Judge Day hopes to tame him self as a second Toddy 'er Bruin is brought to bay.

Mrs. Francis Webb is dangerously low at her home near Sergeant and her death is expected hourly. Her children, Archie and J. P. Webb, of West Virginia, and Mrs. M. B. Cassity, of Morehead have been summoned to her bedside.

McGloae Bros. of Morehead have purchased a large area of five oak timber along the line of the Lexington and Eastern railroad below here in this county and according to an announcement will install some big stave mills at once. The work will give employment to several hundred men.

The grand jury Friday returned an indictment against Thos. McGraw charged with the murder of James Hunley at McRobert's about a month ago. McGraw stoutly affirmed that the shooting was accidental. The grand jury believed, however, that it was a mighty reckless use of firearms and so returned an indictment for murder.

I. B. Fields agent of the L. and E. railway here left for a business trip to Lexington and other points out in the State.

A pretty wedding took place in Jenkins when John Vanhoose, aged 28, formerly of Johnson county was married to Miss Minnie Davis, aged 18. They will reside in Jenkins, where the groom holds a responsible position with the Consolidation Coal company.

Smallpox continues to rage in nearly every section of Letcher-co. The County Board of Health has taken the matter in hand and will do everything in their power to check its progress.

Robert B. Franklin made a business trip to Danville.

J. J. Adams, a prominent stock dealer of Bloomington, Magoffin-co., was a business visitor here this week.

Attorney Bankart, of Jenkins was registered at the Whitesburg hotel this week.

Bank Cashier Arch C. Adams made a professional trip to Hazard and returned.

Ex Senator H. H. Smith, of Hindman has been here several days on business in the Letcher circuit court. Attorney Wilson the Original President Wilson man in Kentucky arrived from Lexington and will be on a number of important railroad suits that are billed to come up next week.

Engineer S. G. Fairchild made a flying trip to Knott-co. Monday. Drummer Carnahan, of Knoxville was here during the week calling on the merchants.

Berkowitz Bros., of Hazard have purchased the entire stock of general merchandise from Jenkins Bros. and will start a cleanup sale. A

FOR THE GRIP

Peruna Is Sometimes Used With Good Results

Mrs. Jane Gift.

Many people take it after they have had the grip. Their convalescence is slow. They have suffered along for a month or two, without any signs of complete recovery. Then they resort to Peruna as a tonic, with splendid results.

Mrs. Jane Gift, R. F. D. 1, Athens, Ohio, whose portrait appears above, writes: "I think I would have been dead long ago if it had not been for Peruna. Six years ago I had a gripe very bad. The doctor came to see me every day, but I gradually grew worse. I told my husband I thought I would surely die if I did not get relief soon."

"One day I picked up the newspaper and accidentally found a testimonial of a woman who had been cured of gripe by Peruna. I told my husband I wanted to try it. He went directly to the drug store and got a bottle of Peruna. I could see the improvement in a very short time and was soon able to do my work. I continued using it until I was entirely cured."

Mr. Victor Patenaude, 323 Madison St., Topka, Kan., writes: "Twelve years ago I had a severe attack of a gripe and I never really recovered my health and strength, but grew weaker every year, until I was unable to work."

"Two years ago I began using Peruna and it built up my strength so that in a couple of months I was able to go to work again. This winter I had another attack of a gripe, but Peruna soon drove it out of my system. My wife and I consider it a household remedy."

Those who object to liquid medicines can now obtain Peruna Tablets. Ask Your Druggist for Free Peruna Lucky Day Almanac for 1914.

fine new stock of goods will go up afterward.

Mr. Stryck of Cohen and Stryck, Jenkins, was a business visitor in the city.

W. G. Counts, of Big Stone Gap, Va., interested in the establishment of an electric light plant in Whitesburg has been here for several days. Whitesburg welcomes the enterprise with outstretched arms.

James Cornett, one of Hazard's leading young business men was a Monday Whitesburg business visitor.

Adam Q. Ramsey returned from a business trip to Pikeville and other points in the Big Sandy Valley.

Attorney Harmon, of Pikeville has been here in attendance upon the Letcher circuit court.

FLOYD COUNTY.

Mrs. G. W. Vance, who sometime ago fell and broke her thigh, died on last Sunday evening of heart failure. She was buried in the Weddington cemetery. Rev. Watts of the Methodist church performed the funeral rites.

Mrs. D. O. Harman has been very sick with malaria fever, but is better at this writing.

Rev. Thomas Wilkinson, formerly pastor at this place was married to Mrs. Nello D. May on last evening. The marriage took place at the home of the bride and was a quiet affair, only a few friends being present. Rev. O. F. Williams officiated.

Prof. Dorsy, of the Business School of Paintsville, James Akers, Clyde Churchill and Miss Priscilla Smith, all of Paintsville came up Tuesday to attend the funeral of Mrs. G. W. Vance.

Mrs. Laura Davidson is very sick. Presiding Elder O. F. Williams held the First Quarterly meeting here last Sunday.

Miss Annie Fitzpatrick entertained a large crowd of young folks on last Saturday night.

Rev. Giles C. Taylor will begin revival services at the First Baptist church Jan. 25, 1914.

(Some items of this correspondence appear elsewhere in the NEWS and therefore do not appear here.)

A noun's the name of anything, as school, or garden, hoop or swing. Adjectives tell the kind of noun, as great, small, pretty, white or brown. Three of these words were often seen as a or an and the, instead of noun the pronouns stand—John's head, his face, my arm, your hand. Verbs tell of something being done, as read, write, spell, sing, jump or run. How things are done the adverb tells, as slowly, quickly, ill or well. They also tell of where or when. A preposition stands before noun, as through a door. Conjunctions sentences unite, as kites scratch and puppies bite. The interjections show surprise, as oh, ho pretty, ah! how wise!
